ICIST 2024

International Conference on

Information and Software Technologies

17-18 October, 2024,

Lithuania

SCOPE

This Special Session on E-Learning Technologies and Applications covers all IT related technical aspects of eLearning environments and systems. The session aims at bringing together researchers who are interested in the intersection area between the technological point of view and the student-centered view of information technologies for E-Learning. We invite you to submit a broad range of contributions related to the latest achievements and research in smart E-Learning.

TOPICS
Authors are invited to submit full papers on:

- Smart E-Learning: Concepts, Strategies, and Approaches
- Educational Applications of Smart technology and Smart Systems
- Smart Technology-based Educational Software and Hardware Systems
- Intelligent Tutoring Systems Internet-of-Things (IoT) in E-Learning
- Web 3.0-based Learning
- Massive Open Online Courses (MOOCs)
- Benefits, Quality and Effectiveness of E-Learning
- Best Practices and Case Studies on E-Learning

IMPORTANT DATES

26 02 2024 –   Submission of papers.

25 03 2024–   Notification of acceptance.

30 05 2024 –   Final manuscripts due.

SUBMISSION OF PAPERS

Authors are invited to submit their papers in English through the conference submission system. Submissions must be original and should not have been published previously. All papers will be peer-reviewed by the ICIST 2024 Program Committee and judged with respect to their quality, originality, and relevance. For further details, please consult the conference web pages.

PUBLICATION

All accepted papers will appear in the ICIST Conference Proceedings Volume (published by Springer as a part of CCIS series) and submitted for indexing to Clarivate Analytics WoS. Selected authors of best papers will be also invited to submit extended versions of their papers to Information Clarivate Analytics WoS Impact factor 0,707 (2018)).
